# OUR OUTREACH PROGRAMME

At NIE Networks, our outreach aims to:

- Promote Apprenticeship & Engineering opportunities at NIE Networks.
- Inspire young people about STEM - Science, Technology, Engineering & Maths.

More than

**16,000 young people**

reached in the school year (2016-17)

**25**  
Career's Conventions & School Career Events

Sentinus Team R&D -  
**2 Link Engineers** supported a Team from Victoria College & Belfast High School.

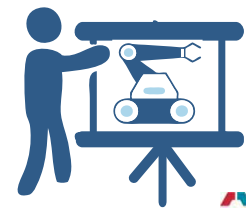

**17 secondary school students** participated in 3 day engineering work placements

IET Smart Energy -  
**4 Link Engineers** support projects at St Oliver Plunkett, St Joseph's Carryduff, St Ronan's Newry, St Aloysius, Belfast High School.

Engineering Futures -  
**2 Link Engineers** supported projects at Bloomfield Collegiate & St Mary's Portglenone.

Our Company Ambassadors presented the **NIE Networks & Sentinus Career Roadshow** to **11 schools**.

**2 company visits for 24 Malone College students**, to learn about our Apprenticeship programme & get some hands on experience.

**Our Company Ambassadors** have helped young people develop their Interview Skills and preparation for employment at **9 skills development events**.

We provided Engineering Mentors for Parkhall Integrated, Antrim, Wallace High School and Dalriada School supporting the schools participation in the **First Lego League**

- **Sponsor** of the **Young Innovators' Award**, providing **11 Judges** & a **bursary** enabling the winning team to progress to the UK & Ireland Final.
- **Nuffield Bursary** awarded to **2 Students** who spent 4 weeks with us in summer 2016.
- We awarded 2 bursaries to **Arkwright Scholars**.
- We provided a **bursary for the winning team**, Magerafelt High School, at the **First Lego League**.
